Carolyn King-Sammons
Township of Elk
680 Whig Lane
Monroeville, N.J., 08343

Dear Mayor King-Sammons:

As mandated by the New Jersey Department of Environmental Protection Pesticide Control Program (NJDEP), enclosed please find an information packet containing questions and answers pertaining to mosquitos, mosquito control and mosquito control pesticides. The enclosed information packet will be distributed to your town annually between March 1st and April 30th prior to the mosquito insecticide application schedules, targeting residential and adjacent areas, such as parks and recreation sites.

The information packet contains the following:

- NJDEP mosquito pesticide product fact sheets for each pesticide used to control pesticides.
- Questions and answers regarding the mosquito control program for the County
- Where to get information for your questions regarding mosquito control, mosquito control pesticides and mosquito borne diseases.
- What County residents may do to help mitigate mosquito problems.

We encourage you to share this information with all residents in your community. Please contact us at 856-307-6400 if you should require additional information.

Sincerely,

Wayne Wurtz
Mosquito Control Supervisor
